This is just a very short list of the changes being made by some of the worldly publishing companies. If you find one counterfeit word then that is a pretty good indication there are many more. Don't buy that Bible, check elsewhere.

The best place I know to purchase a good Bible at a reasonable price:

1. Local Church Bible Publishers, Lansing, Michigan, U.S.A.
2. Hendrickson Publishers, P.O. Box 3473, Peabody, Massachusetts 01961-3473
